

**S.J. PHILLIPS**

**Art Deco carved corallium rubrum, onyx, enamel and diamond jabot pin by Cartier, New York  
c.1927,**

in the form of a stylised pot plant, the larger top end with an anthemion shaped carved corallium rubrum, a cluster line of diamonds along the middle and base and dotted with onyx points, the opposite end with stylised geometric basket in black enamel and diamond and with smaller coral anthemion, the signature and serial number possibly later added, (signed 'Cartier', serial number 11138), accompanied by IAJA Expertise report no. XP1051-270123 signed by Olivier Bachet & Bernhard Berger declaring that in their opinion, the jabot is 'a genuine Cartier item' made by Cartier New York c.1927.

Length 5.8cm / 2¼"

Weight: 10g
