

**S.J. PHILLIPS**

**Old brilliant cut diamond cluster ring, of flowerhead form remounted in late 19th century style,  
the larger stone to centre of approximately 2.40ct,**

bordered by eight stones, raised claw and coronet claw set in gold, on a fluted tapering gold shank with  
stirrup shape shoulders, these late 19th century cut diamonds with a total weight of 7.40cts (including  
the central stone approximately), the mount of more recent make, probably a replacement for a worn  
original

Head 19.6 x 18.3 x 10.5mm deep

Central diamond approximately 8.1 x 8.2 x 5.6mm

Weight: 10g
